

START A PODCAST!

What exactly is a podcast?

Very simply, it's an audio recording of an interview, monologue, etc. that is available for listening via an app and/or a direct link on a smartphone, tablet or computer.

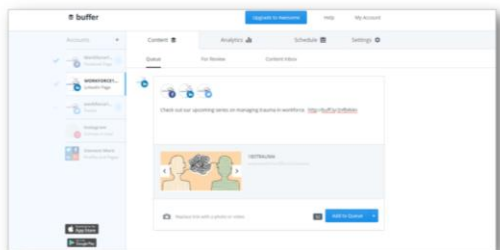

Your choice.

What equipment do I need?

To record a podcast, all that is needed is one of these audio sources; a smartphone, landline phone, computer microphone or Skype bridge.

How much time does it take?

The episode recordings are typically 15-20 minutes long. Most customers spend about 40 minutes prepping questions and/or topics for discussion.

Will this replace my social media?

Podcasting will enhance your social media presence because it becomes a vehicle which increases Likes, Favorites, Followers, Clicks and Downloads.

What should I talk about?

Anything related to workforce, the community, jobseekers, employers, politicians, etc. Don't worry, we'll give you a long list of suggested topics. Visit here to hear what our other customers share:
